DIARY NOTES

A-DD/A

15 July 1952

- 25X1A9a 1. I advised [REDACTED] of the \$400,000 limitation on air conditioning equipment and reiterated my desire to speed this up as much as possible.
- 25X1A9a 2. Agreed with [REDACTED] and Larry Houston that probably we could reach a compromise contract with [REDACTED] which has been held in abeyance because of the patent rights problem. 25X1A5a1
- 25X1A9a 3. Asked [REDACTED] to look into the possibility of supplying a car to the Office of Technical Services.
4. With the permission of the Director and Mr. Dulles, told Walter Pforzheimer and Larry Houston that it was all right to loan [REDACTED] to the Cox Committee for a period of six months and indicated that he was not to be made witting of our interest in foundations. 25X1A9a
- 25X1A9a 5. [REDACTED] was in to explain that we had paid lump sum terminal leave payments in the past to some employees transferring from overt to covert offices, but that this has now been corrected by revision of the appropriate section of the Confidential Funds Regulations. I approved of his not taking exception to payments already made so that employees who have already spent their money will not be required to refund it.
- 25X1A9a 6. Also discussed with [REDACTED] the auditing of a contract in [REDACTED] concerning which we are said to be "dragging our feet." Told him to go to [REDACTED] as quickly as possible and look into it. 25X1A6a
